It was **RESOLVED** that the Clerk write a letter to Cornwall Highways.

Proposed: Cllr G Tregidga, Seconded: Cllr M Luke. All in Favour.

Footpath 424/29 was discussed and it was agreed that the Kerrow Moor end, be looked into for accessibility and vegetation overgrowth.

Various footpaths at the top of Trenance Downs were discussed.

It was suggested that when a comprehensive list of footpaths in the Parish is collated, that a 'suitability' column be added with particular assistance for those members of the public with access needs.

### **Min PROW16/25 – Enhanced LMP Scheme Application**

Roger Fleet attended the meeting with a newly created database of Parish Footpaths. The Chairman expressed his gratitude for Roger's sterling work. This valuable information would be incorporated into the materials the Administrator had already compiled on the Parish's Gold footpaths.

As agreed at the previous meeting, it was emphasised that any ongoing work should focus specifically on the approximately 11 Gold-classified footpaths in the Parish. This focus will help in preparing a submission regarding signage to be included in the ELMP application.

It was suggested that all 11 (approx.) footpaths were walked over, and any findings reported back. Members then agreed what footpaths were to be walked over. Of importance, it was stressed that the prioritised gold footpaths were in need of being walked, as a matter of urgency.

A newly created Messenger group would be established, in order to report back, and to upload any photos. **Action: Chairman, Cllr B Hollis.**

In future, the NAS box system would be able to be used for such a database.
