Cllr P Quilter had accessed Ancestry and there are five districts within Treverbyn. He has been able to download and print the information from 1901. Very interesting the many different jobs/trades. He will look at 1911 and 1921 to obtain further information.

Cllr Mrs. M Rance-Matthews had several old maps/plans that can be used.

Documents and information to be looked after by members of Heritage Committee at this stage.

Members discussed whether Cllr Hollis would be able to assist with the census data so more filters could be added and numbers of who employed and by whom etc.

Carclaze Canal (Mount Stamper) - It is understood that Cllr M Luke will be discussing with Roger Gates the idea of a series of information boards linked to the Clay Trails and other local footpaths. This is a good opportunity to have an information board on the footpath that runs alongside the site of the Carclaze Canal. Records of the Canal date back to the 18<sup>th</sup> Century and it is believed that the canal started from what is now the Premier Inn over to Wheal Martyn. A lot of tin/china clay transported and Cornwall's first canal. The canal would have just sat within the parish so it would be great to share as much as possible at the events.

Commemorative Plaques to be put on the agenda for the next meeting.
